strong sideloader solutions

New generation motors

Simplified maintenance

New comfortable cab

Modular  
mounting options

Maximum energy efficiency  
receives a modern facelift

**New**

## The cleanest Bulmor sideloader ever!

Thanks to the low-emission motors, improved ergonomics and ease of maintenance, the new DQ models are the cleanest diesel forklifts that Bulmor has ever produced.

# The new DQ series

## Simplified maintenance

- Separate service cover for the central electronics
- The level indicator for hydraulic oil is easily visible
- AdBlue tank right next to the diesel filler neck

## Modular mounting options

Optional extensions such as load bumper plates, steps, fire extinguishers or toolboxes can be readily fitted

## Maximum robustness for the most extreme loads

The proven stability and robustness of Bulmor ensures that the new series is designed with a particularly stable lifting unit.

Wide rollers with separate lateral guide rollers ensure stability and a long service life.

A new dimension  
of environmental friendliness & ergonomics.

**Complies with the strictest emission standards**

### **New generation motors**

#### **Performance without compromise**

The new DQ series possesses the newest generation of motors and complies with all statutory provisions fulfils all statutory regulations.

#### **New comfortable cab**
