

VHO200

# Sump Pump Vacuum

- designed for the metalworking industry

# Sump Pump Vacuum for Metalworking

## - collect, separate, discharge & recycle in just minutes

Designed for the metalworking industry, the VHO200 collects metal chips, oily cuttings, lubricants and coolant spills. It is equipped with a diverting valve that reverses the flow of air to pump out the tank quickly and easily. It also comes with a tilting motor head, allowing easy access to the internal chip basket. It can be equipped with a wide range of accessories designed for specific needs of the industry.

The VHO200 is constructed of 304 stainless steel, with additional upgrades including a removable collection bin, float system for automatic shut-off and improved airflow performance. Accessories are resistant to oils and water-based fluids. The chip basket is constructed of stainless steel, perforated with 3mm holes to allow fast fluid separation from chips and shavings.

### Features and Benefits

- Small, very maneuverable for use in tight areas and smaller metalworking shops
- Three optional filters are available for higher filtration efficiencies (300, 100 and 50 micron)
- Internal oil mist filter prevents oil mist from entering the motor
- Transparent liquid level sight tube allows users to easily see tank levels while working

### Technical Specifications

Description	Unit	VHO200
Collection Type	-	Wet
Type of Power	-	1-Phase
Voltage @ 60 Hz	V	110-120
Power @ 60 Hz	HP (W)	2.15 (1600)
Waterlift, max.	in. (mm) H <sub>2</sub> O	80.4 (2042)
Airflow, max.	CFM (L/min)	150 (4250)
Current, max	amps	14
Container Capacity	gal. (L)	5.8 (22)
Liquid Capacity with chip basket	gal. (L)	13.6 (51.5)
Liquid Capacity without chip basket	gal. (L)	19.8 (75)
Machiner Inlet Diameter	mm	50
Dimensions (L x W x H)	in. x in. x in. (mm x mm x mm)	22.8 x 34.7 x 48.4 (580 x 880 x 1230)
Weight	lbs. (kg)	137 (62)
Cord Length	ft. (m)	50 (15)
Sound Pressure Level @ 3'3"	dB(A)	70

Specifications and details are subject to change without prior notice.

Chip basket with integrated float to separate solids from liquids

Manual filter shaker

Tilted lid for easy access to basket

Pump out liquid
